5. When does the main convention begin?

The **main convention starts on Friday, August 7, 2026**, and continues through **Sunday, August 9, 2026**.

6. Is there block booking for seating?

No. We have **intentionally eliminated block booking**.

In past conventions, we received feedback that even early ticket buyers sometimes received seats far back due to block allocations.

To ensure **fairness and transparency**, seating will now follow a **first-come, first-served registration model**.

7. How will seating be assigned?

- **Earlier registrations = better (front) seating**
- Seating is assigned strictly based on **registration timestamp**
- This ensures fairness to those who book early

8. Is there an early bird discount?

Yes. **Early Bird pricing** is available.

Booking early gives you **two advantages**:

1. **Lower ticket price**
2. **Better seating location**

9. How does Mandal-wise registration work?

- Each Mandal will receive a **separate registration link**
- Friends using the **same Mandal link** can book together so they can be seated together

⚠ Important:

You must **coordinate with your friends before booking**.

Example:

- Person A books at 9:00 AM
- Person B books at 3:00 PM using the same Mandal link

If many registrations occur in between, Person B **may not** be seated next to Person A, as it would be unfair to earlier registrants.

If only a few registrations occur in between, we will do our best to seat them together.

10. Can friends or family from different Mandals sit together?

Yes. This is possible **only if one person books tickets on behalf of the others** in a single transaction.

11. Is designated seating for all programs?

No.

Designated seating applies only to the main auditorium.

For all other programs and venues, seating will be **open and based on availability**.

12. What are donation packages and why should I consider them?

Donation packages offer:

- **Preferred seating**
- **Additional perks**
- Inclusion of select paid events (depending on tier)
